Thanks to Mrs. Amanda White for the following poem entitled "My Get Up And Go Has Got Up And Went".

How do I know that my youth is all spent?
Well, my get up and go, has got up and went.
But in spite of it all — I'm able to grin
When I think of where my get up has been.

Old age is golden, so I've heard it said
But, sometimes I wonder as I get into bed.
With my ears in a drawer, my teeth in a cup
My eyes on the table, until I wake up.
Ere sleep dimes my eyes I say to myself
Is there anything else I should've laid on the shelf?

I am happy to say as I close my door —
My friends are the same, only perhaps even more.
When I was young, my slippers were red,
I could kick up my heels right over my head.

When I grew older my slippers were blue
But still I could dance the whole night thru.
Now I am old, my slippers are black
I walk to the store and puff my way back.
The reason I know my youth is all spent
My get up and go has got up and went.

But I really don't mind, when I think with a grin
Of all the grand places my get up has been.
Since I've retired from life's competition
I busy myself with complete repetition.
I get up each morning — I dust off my wits,
Pick up the papers and read the "O Bits".

If my name is missing, I know I'm not dead.
So I eat a good breakfast and go back to bed.

We never pictured Miss Clara Eagle as a dramatic person although she is well blessed with an engaging personality.

Yesterday at Rotary however, she packed more drama into a program than we have seen in a long time.

Through the use of slides taken on her trip last year and the comment that she added as she went along, she unfolded a drama as stark as any we have witnessed in some time.

Visitors to the club were visibly impressed with her program.

Thanks to Mrs. Albert Enix for the added supply of Bushel Basket Gourd seed.

We are fairly well fixed for the coming growing season, so if anyone wants Bushel, Pitcher, or Banana gourd seed we have some.

Richard Tuck, Chairman of the Council Natural Gas Committee reported to the council on the possibility of extending natural gas to Hardin. He reported that a committee had met with the gas committee and Mayor on the extension of gas to Hardin and that this group had expressed great interest.

The extension will require a bond issue of approximately \$250,000 to finance the installation of the system with an estimated 300 customers needed to make the installation profitable.

James Garrison was reappointed as the Chamber of Commerce member to the Murray Hospital Board.

A letter of appreciation was read to the council from Mrs. Gene Cathey on the naming of the L&T.

Resolution Urges State To Lower Speed Rate On 16th

The Murray City Council discussed a wealth of city problems last night, with no large single action being taken.

Several areas of city business came under discussion in the two hour long meeting. Councilman Buddy Hewitt was absent last night since he officiated at an Owensboro basketball tournament.

Councilman Leonard Vaughn was in St. Louis on business but all other councilmen were present.

Mayor Ellis reported that Chief of Police Brent Manning was on duty at the Regional Tournament at the MSU Sports Arena with several other police officers.

The council gave the second reading to an ordinance prohibiting parking on the east side of North Fifth Street. Two other ordinances were passed on the first reading having to do with the city water rate to industry. The rate has been increased for heavy users of water.

A resolution was approved by the council urging the State Highway Department to lower the speed rate on South 16th Street. Since this is a state maintained street, the state controls the speed limit on the street.

The resolution is as follows: "WHEREAS, South Sixteenth Street in City of Murray, Kentucky, is heavily traveled by motor vehicles, and

"WHEREAS, there are no sidewalks at either side of said street, and

"WHEREAS, many students attending Robertson Elementary School and Murray State University walk or travel on and over South Sixteenth Street, and

"WHEREAS, many serious accidents, some of which have resulted in death, have occurred as a result of speeding automobiles on said street, and

"WHEREAS, it is deemed that the speed limit on said street is too high and should be lowered; "NOW THEREFORE, be it resolved by the Common Council of the City of Murray, Kentucky, that the Kentucky Department of Highways be and it is hereby requested to lower the speed limit on the said South Sixteenth Street."

Mayor Ellis reported to the council that George Frankle of the highway department has already promised another study on the street.

The council accepted the resignation of Isaac Tinsley from the City Fire Department.

A lengthy discussion was held by the council on the possibility of increasing the cost of the city sticker.

It was pointed out that the increasing demands which are made on the city for services, make it necessary that the city look for more avenues of revenue.

Joe Dick, Finance Committee Chairman led the discussion, pointing out that an advisory committee will work with the council on ways and means of increasing revenue for the city. In consideration of this fact, the council approved the thinking that the city sticker should remain at its present rate until the advisory committee has an opportunity to meet with the council.

Macon Blankenship of the Cemetery Committee reported for the committee in the absence of the chairman Buddy Hewitt.

The committee recommended the following moves:
To purchase 20 gallons of weed killer to use around monuments in the cemetery.
To take bids on a new mower for the cemetery.
To purchase a new motor for the other mower.
To run electricity to the tool shed in the cemetery.
To level the northwest corner of the cemetery.
To determine the cost of lots to the consumer in the new portion of the cemetery.
To set up a policy on a time limit for wilted and dead flower sprays to remain at grave sites. At the present time there is no policy.
The council approved the expenditures mentioned above and the Mayor and committee will set lot costs in the new section. The committee will evolve a policy on the time limit for wilted and dead flowers.

Richard Tuck, Chairman of the Council Natural Gas Committee reported to the council on the possibility of extending natural gas to Hardin. He reported that a committee had met with the gas committee and Mayor on the extension of gas to Hardin and that this group had expressed great interest.

THE FAMILY LAWYER

THE CASE LINCOLN LOST

On a fateful autumn day in Indiana, in the fourth year of the Civil War, Union soldiers entered the home of Abraham Lincoln and placed him under arrest.

The soldiers were acting on orders of President Abraham Lincoln, their commander in chief. Milligan, suspected of aiding the

Confederate cause, was speedily found guilty by a military court and sentenced to be hung.

But nine days before he was to die, Milligan - invoking the ancient writ of Habeas corpus - demanded his freedom. He claimed that, as a civilian, he could not lawfully be punished by a military court.

How far may military power reach in wartime? For a nation dedicated to individual liberty, the issue was a wrenching one.

Lincoln himself argued that, with war convulsing the country, he was justified in taking drastic means to crush disloyalty on the home front.

But there were weighty points too on the other side of the argument. Not only was Milligan a civilian, but he had been arrested in Indiana - where, at the time, no hostilities were under way.

Most important, Indiana's civil courts were still open for business, ready, willing, and able to hear the charges against Milligan if given the chance.

On April 3, 1866, 18 months after Milligan's arrest, the United States Supreme Court set him free. Holding that the military trial was unlawful, the Court thereby marked out historic limits beyond which martial authority must not go.

Oddly enough, this decision concerning Lincoln's action was written by his own devoted friend, Justice David Davis. Lincoln by then was already dead. Yet it is easy to imagine that if still alive, with the awful pressure of war behind him, he might have applauded the judge's words.

"The Constitution is a law for rulers and people, equally in war and peace, and covers with the shield of its protection all classes of men, at all times, and under all circumstances."

A Northern editor had this comment: "Above the might of the sword, the majesty of the law is thus raised supreme."

It is easy to imagine Lincoln himself saying amen.

Tigers Lose In 50-44 Tilt With Paducah Blue

The Murray High School Tigers lost a heartbreaker to the Paducah Blue in the first game of play in the First Regional basketball tournament played last night at the Murray State University Sports Arena.

In the second game the Carlisle County Comets won over the Mayfield Cardinals 73 to 52. The score for the Murray-Paducah game was 50 to 44.

Fighting hard throughout the game the Tigers kept ahead of the Paducah team for the first three quarters but were outscored in the fourth quarter when they failed to hit a field goal. The five points they scored that quarter were by way of the free throw line. Murray was hot all the way in the first quarter and hit for 16 points to lead the Tigers. They kept up the attack throughout the second quarter.

It was the third period, however, that got the Tigers and Paducah hit a field goal just as the horn sounded to put them out in front by one point.

Caldwell hit the first field goal of the second half for Murray in the fourth quarter and then Dunn made two free throws to cut the Paducah lead to 38-35. It was a thrilling game from that time on, but the Tigers were never able to pull ahead.

Murray's shooting percentage was 35.5 while Paducah hit for 36.5. Fitts was high for Murray with 12 while Dunn and Reginald hit for 13 for Paducah.

The Murray team had beaten Paducah earlier in the season 47-45. During the second game Carlisle led throughout the game to overcome the Mayfield Cardinals. They lead 14 to 8 at the close of the first quarter and continued to score with 39 to 24 advantage at half time.

Carlisle also went on a scoring slump in the third quarter, but the Cardinals were not able to pull ahead. Thomas was high for Carlisle with 18 points while Hill of Mayfield was high with 12 points.

This was a contest for both teams as they had both won one game over the other during the season. It was in the Calhoun Christmas Tournament that Carlisle had beaten Mayfield 65-60, but the Cardinals had beaten the Comets 63-54 the next month for the reverse.

Tonight's semi-finals will pit the South Marshall Rebels against Synovis in the opening game followed by the Paducah and Carlisle clash. The final championship game will be played Saturday night at eight p. m. to tell the story of who will be the representative from the first.

Top Team Is Winner In Region Game

By United Press International
Louisville Central, the No. 1 Kentucky high school basketball team in the UPI Board of Coaches' final poll, routed past Paducah 50-44 in a 6th Region playoff final Thursday night.

Central will meet the winner of tonight's Valley Station-Thomson Jefferson clash in the regional final Saturday. Preceding tonight's game third-rated Male takes on Durrett in the 7th Region playoffs.

Eighty-ranked Lexington Dunbar trounced Anderson 96-61 Thursday evening in a chance at Franklin County tonight in 12th Region action. Franklin County upset Woodford County 46-44 Thursday.

Ashland overcame Hickins in the 16th Region 104-63 and clashes tonight with Rowan County which nipped Morgan County 47-46 in an overtime thriller.

Owensboro defeated Caneyville 60-54 in the 3rd Region, and meets Ohio County, which ousted Meade County 71-53, tonight. Seventh-ranked Central City meets Livermore in another 7th Region tilt.

Ninth-ranked Hazard meets Hindman tonight in the 14th Region. Hindman advanced by defeating Lee County 90-41.

Shelby County, the No. 2 club gets back into action tonight against Scott County and Carroll County meets Georgetown in the 8th Region. Georgetown hosts Lebanon Junction 75-62, while Carroll County edged Lincoln Institute 68-63.

Newport Catholic, rated sixth, taken on Covington Holy Cross tonight in the 9th Region and fourth-ranked Harrison County takes on Pendleton County in the 10th.

Fleming County, 64-59 victor over Clark County, meets Montgomery County tonight in other 10th Region play. Montgomery County defeated Bourbon County 67-56 Thursday.

Harlan bombed Bell County 79-59 and meets Corbin, 63-58 victor over Lynch, tonight in the 13th Region. Russellville downed Clinton County 60-41.

But many observers believe an upset wouldn't be too unlikely anywhere along the line. Dayton boasts a 22-4 record, including a 20-point decision over Western Kentucky 24-1. Western 24-2, and Big Ten states Michigan is 17-7.

Dave Struck, Michigan's head coach, said he wasn't underestimating Western Kentucky, victors over No. 5-ranked Loyola, but he wouldn't count his Wolverines out.

"We're physically fit and I think we're ready to play," he said. Kentucky's Adolph Rupp, with his team in the tourney for the 15th year and seeking an unprecedented fifth national title, believed a 19-year-old sophomore center, Thad Jaracz, was the difference between his current team and last year's one.

"We've got four players back from last year," he said. "The only difference is our boy. So I guess that's it."

Don Donohue of Dayton said he expected no trouble getting his sophomore-laden team up to play the nation's No. 1 team. Four of his starters are sophomores and his only veteran is the tallest man in the meet, 6-foot-11 Henry Finkel.

"It's always a challenge to play the No. 1 team," he said. "I think our boys will rise to this occasion."

Kentucky, Southeastern Conference champs, is in the tournament for the fourth time in the last six years, and Michigan and Western Kentucky of the Ohio Valley Conference, won berths as conference champions. Dayton is an at-large entry.

Last January the air was cold and biting outside gigantic Convention Hall in Philadelphia, site of the 24th edition of the BPA All-Star, the "World Series" of bowling.

But inside it was warm as 432 male bowlers gathered for the \$100,000 prize fund, and with it, fame.

Every one was a star, either in his own city and state, or on the national scene. All winners of various grueling competitions, they feared no one, except a fellow with the modest smile and the deadliest aim in the country—Dick Weber.

Weber, whose 125 pounds is spread over a thin frame of 5 feet, ten inches, that barely held him down in the wind gusts outside Convention Hall, created his own storm inside.

The St. Louis star swept through the elimination rounds. He emerged the qualifying leader and faced the superstitious jinx that lends electricity to great moments in sports; no bowler in the 23 year history of the All-Star had ever won the championship after winning the qualifying round.

Weber, started slow in head to head match play, but inexorably asserted his superiority in one of two divisions that won him the right to meet Jim St. John, reigning World Invitational Champion from California, winner of the other division.

Their style varied widely. Spectators dubbed St. John "Mr. Outside" for his sweeping hook, and Weber as "Mr. Inside" for his tightly controlled ball. St. John kept Weber in the first game, but slipped badly in the second. Which style was superior? Weber's 192 was hardly up to his usual performance but it brought him within seven pins of St. John as they came to the final game. He opened it with a spare and then reeled off five strikes in a row, two of them on so-called Weber specials, a ball that hits the pocket lightly, but causes the pins to bounce off the side wall and come back to topple the remaining pins. The final total: Weber 608 total pins and St. John 588. It gave Weber his third All-Star win in four years, and the first leg on his 1965 designation as Bowler of the Year.

"I was lucky," said Weber after winning the title and a \$15,000.00 first prize. But vowing to let the title go, he explained, "Dick often says he's lucky. His ball makes some of the hits. Look, luck is there's a little luck in bowling. Skill makes luck — and Dick has the skill."

MRS. GUSSIE

steps of the First Baptist Church. Before the hostilities ceased in that war men were being inducted that were in their 30's; however after they had served for so many years they were released when they reached their 30th birthday.

Board Closed
After the war with Germany and Japan was over, the draft board office was closed out from 1947 to June 1948 when it was opened for about one day a week only for the registering of those becoming of age, and for classifications.

Mrs. Adams said small draft calls were made in January and November of 1948, and in the latter part of 1949 quite a number were examined.

The present call became heard of the office on September 10, 1960, and the first draft call of three men was made for the Korean Conflict that month. The largest draft call of 18 for the Korean war was in January 1961 and small induction groups were sent during 1962 and 1963.

In 1964 Mrs. Adams said her work load increased as the induction groups were stepped up a little more to build up the forces as the enlistments of many of the men in the armed forces were finished and they were being discharged.

The draft calls were not very large through the years as there were usually enough voluntary enlistments that the Calloway board got credit for.

Viet Nam Crisis
However with the start of the Viet Nam crisis the examination calls became larger in 1963 and induction was stepped up considerably in the latter part of 1965 and since that time. The next call for March 14 will be for eight for induction and 28 for examination.

The draft calls are now mostly for those born in 1949 and 1947. There are 190 registrants for 1947 and with those failing the tests and those still in school, the number for induction is small.

Mrs. Adams said the attitude of most of the boys being drafted is very good and they are willing to go when their notice is received. The tests for students will be given May of this year and the same requirements and standards will be in effect that were present during the Korean situation, Mrs. Adams said.

The chief clerk has no assistant in her office as the number of registrants are not enough to warrant her having extra help, but the load is quite heavy at times.

She is in the office five days a week to serve the registrants of this county.

Mrs. Adams has certificates of appreciation from the Navy, Army, and Air Force for her help extended throughout the years. The recruiters check with her on their visits to Murray. She also as a certificate of appreciation from the Selective Service for 20 years of loyal and faithful service which was issued August 12, 1963.

College Graduate
The Murray woman was a member

ber of the first graduating class of Murray State College, a junior college at that time. She also has credit hours from Western State College, Bowling Green.

Mrs. Adams was born in McCracken County and graduated from McCracken County High School in 1922 as valedictorian of her class. She taught for three years in that county and in addition was a substitute teacher in the Murray City Schools for two years.

For ten years she served as deputy in the Calloway County Court Clerk's office and for a short time was a claims clerk in the Unemployment Compensation office at Paducah.

Mrs. Adams has also worked as a secretary for Attorney Wade Crawford and for the late Paul Ohlson, realtor. She was married to Edward D. Adams who passed away September 13 of last year. They have one son, Thomas Ed, pastor of the First Baptist Church at Johnson City, Ill. He is a graduate of Murray State College and the Southern Baptist Seminary.

Her son is married to the former Romelia Hooks of Princeton and they have three children, Nevin, age 10, Nathan, age eight, and Carey who will be two in May, which are the pride and joy of their grandmother.

Mrs. Adams is a member of the First Baptist Church and has served as Sunday School teacher and superintendent of the Beginner and Primary Departments for 25 years.

Board Members
Working faithfully with Mrs. Adams are the members of the draft board who serve without pay and usually meet once a month, but since the Viet Nam crisis their meetings have increased to two or more meetings per month.

The present board is composed of A. Carman, chairman, who has served for fifteen years, Joe Berry, Dr. H. B. Bailey, Jr., James A. Parker, and Glendel Reeves-Wells. Overbey is the appeal agent and Dr. John Quartermore is the medical advisor.

Mr. Washer was chairman of the first draft board during World War II and is the only surviving member of that group. The late L. A. L. Langston was the chairman of the draft board when Mrs. Adams became chief clerk in 1950. Carman succeeded the late T. O. Turner as chairman of the board.

Mrs. Adams said she enjoys her work very much and she likes to talk with the registrants and their parents. She said she hoped she had become a friend to all of them as she tries to assist them in every way possible. She remarked that she is now registering the sons of fathers with whom she had contact with previously.

The following are the goals that are kept uppermost in the minds of the personnel of the Selective Service:

"A registrant is not an outsider to our operation; he is a definite part of it."

"A registrant is not an interruption of our work; he is the purpose of it. We are not doing him a favor. He is doing us a favor by

Expenses for Mayor Ellis were approved to attend the League of American Cities meeting in Washington, D. C. on March 29 to 31.

"A registrant is the Most Important Person in our operation."

Mrs. Adams tries to follow these goals as she goes about her daily duties as chief clerk of Local Board No. 10 of the Selective Service located in the Postoffice building.

"Well, I never," Pa said. "Why don't the cattle outfits trap wolf?"

"Trap him," Mike chuckled. "Hell, Conway, nobody in the country can trap him except chagasty, and he won't. At chagasty, what folks think

"The ranchers hereabouts have put up a five hundred dollar bounty on that wolf, but I don't reckon that Shagnasty thinks that is enough money to pay for the steaks he's been getting from Three Toes the past years and the best he'll continue to get as long as the killer lives. Hell, Smith eats T-bones and sirloin every day."

"Maybe," Pa said. "But the man came to me for help and I stiff armed him into the fire. I ain't going to sleep so well on that," he can tell you."

"Nothing to it, Conway," Dennis said. "This Herb Newman is a sort of mean cuss. He's probably just playing a joke on the man. Chances are, he didn't mail out any letters, or get

"Well," Mike said, "Shag-nasty's sure worried about that mail order woman, joke or no joke. Let's hook up the teams and get started before night comes down on us."

We hitched up the horses and started driving toward home, taking a short side trip to cut and load on a few scraggly cedar poles for our barn-roof.

I didn't see how we were going to get the loaded wagons to the top, but the Flaherty boys went at it cheerfully. They hooked both of their big teams to each wagon and took them up, one at a time. As they worked, yelling and shouting, the sun went down behind the buttes, and the chill of the frosty night began to creep into my bones.
